# ATGENDER SPRING CONFERENCE

BARCELONA 25-27 JUNE 2014

## A new agenda for gender equality policies

Welcome to the ATGENDER Spring Conference 2014, which is inspired by your contributions and submitted proposals, and offers panels, round tables, expert meetings and workshops.

ATGENDER has established a tradition of organizing Spring Conferences dedicated to learning and teaching women's, gender and feminist studies. This time, under the title «**A new agenda for gender equality policies**», the conference calls for focus in the political field, because today more than ever, we need to forge links to progress in gender equality policies throughout Europe.

Since the first International Women's Conference, there has been a remarkable political, economic and social transformation in the field of the recognition of women's rights and opportunities. Thanks to the intervention of governmental agencies, civil movements, NGOs, academia, etc., equality is part of the political agenda of the European States.

However, today we live in difficult times, not only due to the economic crisis; society is more complex and diverse, therefore, it is necessary to define a new agenda that takes into consideration the multiplicity of actors and realities, to face new challenges.

This meeting would not be possible without your participation and the support of Barcelona Provincial Council.

# CONFERÈNCIA DE PRIMAVERA ATGENDER

BARCELONA 25-27 JUNY 2014

## Una nova agenda per a les polítiques d'igualtat de gènere

Benvingudes i benvinguts a la Conferència de Primavera ATGENDER 2014, inspirada en les vostres contribucions i propostes presentades i en la qual s'organitzen grups de debat, taules rodones, reunions de persones expertes i tallers.

ATGENDER organitza tradicionalment conferències de primavera dedicades a l'aprenentatge i la divulgació d'estudis relacionats amb el gènere i el feminisme. En aquesta ocasió, la conferència, titulada «**Una nova agenda per a les polítiques d'igualtat de gènere**», se centra en la política, perquè avui en dia, més que mai, cal forjar vincles per avançar en les polítiques d'igualtat de gènere arreu d'Europa.

Des de la primera Conferència Internacional de Dones hi ha hagut una considerable transformació política, econòmica i social en el camp del reconeixement dels drets i les oportunitats de les dones. Gràcies a la intervenció de les institucions i els organismes governamentals, els moviments socials, les ONG, el món acadèmic, etc., la igualtat forma ara part de l'agenda política dels estats europeus.

Avui, però, vivim temps difícils, i no només per la crisi econòmica; la societat és més complexa i diversa i, per tant, cal definir una nova agenda que tingui en compte la multiplicitat d'actors i realitats per tal d'afrontar els nous reptes.

Aquesta trobada no hauria estat possible sense la vostra participació i el suport de la Diputació de Barcelona.
